Report:

Our college had arranged training program with Apollo hospital International ltd. for 6th and 8th Sem students during time duration of 05/12/2018 to 17/12/2018 (10 days). Total 07 students from 6th and 8th Sem participated in the training program. At hospital level internship was coordinated by the Mr. Nipul Kapadia (AGM, Pharmacy Department, Apollo hospital). They divide student and send them to various departments like IP (In-Patient Pharmacy department), OP (Out Patient department) and CP (Clinical Pharmacy department).

At IP department student learn about the arrangement & storage of medicine and dispensing procedure for regular and narcotic drugs. Departmental staffs give knowledge about handling of prescription, packaging and dosing frequency. During the visit of OP department students learned about the counseling of patient, prescription filling and prescription checking. CP department is most important department as concern to pharmacist responsibility. In CP department, Student got knowledge about checking of drug-drug interaction and reporting of drug-drug interaction to doctor. Students have observed some special system and procedure for emergency department like crash cart, blue bay, attained the code orange, attend code blue etc. Projects were given to all students during their training. Projects are submitted to institute.
