18. STUDENTS CREATIVITY

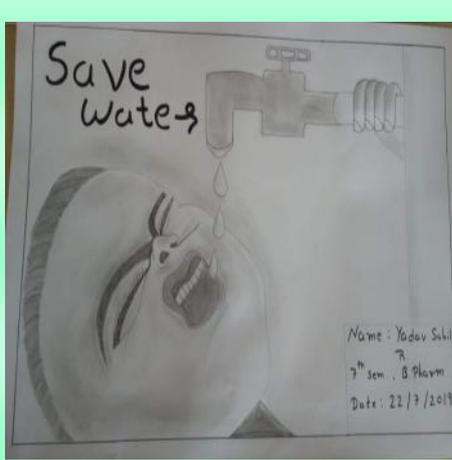

DON'T QUIT

"When things go wrong, as they sometimes will;
When the road you're treading seems all uphill;
When the fund's are low and the debts are high;
And you want to smile but you have to sigh.

When all is down, pulling you a bit;
Rest if you must, but dare not quit;
Success & failure turned inside out,
Look at the silver that's filled with doubts.

You can never tell how close you are;
It may near but seems so far;
Stick to the fight when you're hardest hit;
It's when things go wrong that you must
NOT QUIT!"
