## Report

An expert talk was arranged by Saraswati Institute of Pharmaceutical Sciences on the topic “Echofriendly techniques using hydrotrophy, mixed hydrotrophy & mixed solvency concept”

Dr.R.K.Maheshwari , the speaker of the session delivered the talk explaining the concept of hydrotrophy, mixed hydrotrophy & mixed solvency as well as its applications in the dosage form formulation & pharmaceutical analysis. He explained the replacement of hazardous organic solvents with comparatively cheap & safe hydrotrophic solvents.

He shared his knowledge of mixed hydrotrophy with suitable examples. He also enlighten the future scope of the concept.

The session would be very useful to all those participants, who want to do research associated with the concept.
