A Report on Medicinal Garden visit on 09/10/2024 of Saraswati Institute of Pharmaceutical Sciences

College Name: Saraswati Institute of Pharmaceutical Sciences

Event Name: Medicinal Garden Visit

Report of Event:

On 09/10/2024, the NSS unit of Saraswati Institute of Pharmaceutical Sciences organized a visit to the Medicinal Garden, aimed at enhancing students understanding of medicinal plants and their significance in healthcare. A total of 25 students, along with 5 NSS volunteers and 5 faculty members, participated in the event, where they learned about various medicinal plants, including lemongrass, custard apple, shatavari, withania, mango, neem, and tulsi. The session covered their therapeutic uses, cultivation requirements, and importance in both traditional and modern medicine. Faculty members emphasized sustainable harvesting practices and the conservation of medicinal species. The visit also included an interactive session discussing the role of medicinal plants in public health, allowing participants to engage and ask questions, which enriched their knowledge. Overall, the visit provided a valuable opportunity for students to connect with nature and foster a commitment to sustainable healthcare practices.

Re-Accredited by: National Board of Accreditation – NBA (B. Pharm, 2024-2027)

Outcomes of Event:

The medicinal garden visit helped students learn about different medicinal plants and their uses, boosting their awareness of the environment and biodiversity. This hands-on experience enhanced their understanding of how these plants can be used in healthcare and the importance of caring for them. Students gained valuable insights into sustainable practices and the need to protect plant species. Overall, the visit supported their academic growth and encouraged them to promote environmental care in their future careers.
