Report

An expert talk was arranged by Saraswati Institute of Pharmaceutical Sciences on the topic Clinical ECG and Chest X-ray Interpretation: A Step-by-Step Approach to Cardiac and Primary Emergencies

The talk was delivered by Dr. Vishwa Jainil Mehta. The guest lecture was conducted to enhance clinical diagnostic skills essential for the early recognition and management of life-threatening conditions. The session aimed to bridge the gap between theoretical knowledge and real-world emergency decision-making. The guest lecture was informative, clinically relevant, and well-structured. It significantly contributed to strengthening diagnostic skills necessary for managing cardiac and primary emergencies. The step-by-step approach provided by the speaker made complex interpretations easier and more practical. The session was highly beneficial and well received by all participants.
